

# STOP LINE 9

## The Tar Sands are Coming to Toronto...

### WHAT'S HAPPENING?

- Enbridge wants to transport toxic tar sands through Ontario and Quebec using a 38-year-old pipeline, known as Line 9.
- A section of Line 9 crosses the city of Toronto just north of Finch Avenue.

### RECENT SPILLS INCLUDE:

- Kalamazoo, MI: Enbridge pipeline – July 2010 - 4 million litres of DilBit
- Near Elk Point, AB: Enbridge pipeline – June 2012 - 230,000 litres of DilBit
- Mayflower, AR: Exxon pipeline – March 2013 - 1.59 million litres of DilBit

Learn more at:

[www.stopline9-toronto.ca](http://www.stopline9-toronto.ca)

### WHY SHOULD WE CARE?

- The Tar Sands production causes a lot of damage to the environment.
- Line 9 will transport Diluted Bitumen (DilBit), a tar sand mixture that is more likely to spill, more dangerous to human health, and harder to clean up than normal crude oil.
- It can spread through the soil and get into major rivers that lead to Lake Ontario, destroying our property and poisoning our drinking water.
- Property values near Line 9 have started to drop and will continue to go down.

## ...Unless We Stop Them!

### WHAT CAN YOU DO?

- Join a Community Action Group or start your own and get involved in the municipal campaign to force City Council to ban Tar Sands from Toronto.
- Tell your City Councillor that you don't want DilBit here.
- Tell your neighbours, friends, and colleagues about Line 9.
